Sure thing. See attached full scale map of the TAGA target facilities overlayed with the ASPECT flights. I've labeled all of the TAGA target that are within 1 mile of any ASPECT flight. I can edit this map to zoom to each branch or do a smaller search radius, so just let me know how you'd like this to be displayed.

Thanks!

Yes, but I mistyped. I wanted to overlay the ASPECT aircraft flight data over the intended TAGA targets.

My apologies,

Bryant

These maps are of the TAGA bus runs, not the ASPECT flights. The target facility list was for the TAGA data correct?

Thank you Janelle. So ASPECT did not fly any facilities in Port Arthur or Corpus Christi?

Janelle,
Will you work with Bryant in the morning to fill this request?

Thanks

Eric- here is a list of the facilities the TAGA busses will monitor. Please have the TAGA data /Maps overlay these to see which ones we flew already.

Hi all:

Attached is the TAGA facility list with addresses, lat/longs, and FRS numbers. There are still a couple of gaps but I will continue to research them, as will the team.

As a reminder, green facilities are "must do" and red facilities are optional.

Thanks so much,
Margaret
